Charging Outlets

Powering Outlets

Blade Series Charging outlets will fit into any standard cabinet space and feature a built-in circuit breaker preventing high power devices such as hair dryers from being used. Quickly installs into any existing drawer box in your cabinets and includes a 4.5' cord that simply plugs into a standard 15 amp household outlet.

Style Drawer Blade Series in-drawer power outlets are ideal for hair dryers, curling irons, and anything requiring up to 20 amps of current. Outlets feature a UL listed thermostat that cuts power to the outlet in the event that the surrounding temp exceeds 120° F. Power up to four devices at a time. Install in bathrooms, kitchens and furniture.

Cabinet Depth: ≤ 24" **Min Drawer Box width:** ≥ 15"
Min space behind drawer box: 2" **Min Interior drawer box height:** 3"

Min space behind drawer box: 2" **Min Interior drawer box height:** 4" - 5.25"
