High Gloss Custom Door & Drawer Fronts

LUXE is an advanced decorative panel with a high gloss finish on one face, while the back is a matching decorative matte melamine in the same design.

- 3/4" MDF Core
- High Gloss Polyester Front / Matte Back
- Two Edgebanding options (solid and bi-color)
- Separate edgebanding & boards available

This product is more durable than alternative products; highlighting its scratch-resistance, surface quality, high brightness as well as light stability towards colors.

These qualities make it well suited for vertical applications in kitchen, bathroom, office and home furniture.

The LUXE manufacturing process allows solid colors plus a wide range of designs, such as wood, marble, stone, fantasy etc. This makes LUXE a highly versatile and decorative product.

Can be supplied in panels or in edged pieces. For this last option, LIOHER uses PUR technology in order to offer its product the finish according to its quality.
