

Dust Extractor CLEANTEC CT 15 HEPA

Includes:

- suction hose diameter 27/32 x 3.5m
- SELFCLEAN filter bag SC-FIS-CT MINI/MIDI-2
- Crevice Nozzle, D36
- Upholstery Brush
- carton

Festool Dust Extractor CleanTec CT15 cleans construction sites, production shops and home workshops. With a 3.96 gallon (15 L) container volume, this vacuum extracts dust, dirt, and water. Its design ensures that almost the entire container volume can be used – for long periods of work without having to change the filter bag. Full unit **HEPA Certified**, adjustable high performance turbine.

- Ideal for use on the go thanks to compact dimensions, low weight, and robust chassis
- Touch operation for intuitive control
- Externally accessible main filter for easy replacement
- Cleaning accessories already among the items included and stored in the mobile dust extractor
- Flat storage area – ideal for storing consumables
- Elastic tie-down strap included to secure vacuum hose on top of CT for convenient transport
- Container/filter bag capacity 3.96/3.3 gallons (15 l)

Touch Operation

Intuitive touch control panel instead of rotary knobs – for extremely simple operation even when wearing gloves and when dirt builds up.

Cleaning accessories included

Crevice and upholstery nozzles can be stored in the mobile dust extractor.
