

Pony/Jorgensen Clamps - Back in Stock

**PONY CLAMP FIXTURES - Style 50 List \$ 25.54**

Uses 3/4" black pipe. Steel multiple disc clutch. Secure hold, easy release. Clamping faces 1-3/4" square. Cast iron orange heads. Allow pipe length 7" longer than work piece.

**PONY CLAMP FIXTURES - Style 52 List \$ 19.83**

Uses 1/2" black pipe with exclusive "extended" clutch disc design. Light weight, very low cost. Vise-type sliding handle to permit working in close quarters. Ideal for small and light duty projects. Clamping face is 1-1/2 inches.

**PONY SPRING CLAMPS**

When relatively light pressure is adequate, and where fast application and removal of clamps are advantageous, these spring clamps are the best answer. Jaws are heavy plated steel to prevent rust. Tips are contoured to prevent scratching or marring work surfaces and have protective covering. Handles shaped to fit the hand.

Code	Size	Ctn	List/ea
