Custom Color Punch Tool and Kit

Custom colors with no match?

Get the perfect match with this kit!

1. Apply SpeedTape to edgebanding

2. Drill hole

3. Countersink PowerHead Screw

4. Apply Fastcap

You need one cap and not 1,000? The Custom Color Punch Tool/Kit is for you. Take any standard edgebanding or veneer, apply SpeedTape, punch your cap out and you are done.

Features

- Precision steel dies
- Ratcheting cutters
- Built in Ejector Pin

Great for

- Making custom caps
- Covering screws
- Covering mistakes
