

**Drill Guide Set for Knobs/Pulls**

Built for speed, the TP-1934 Cabinet Hardware Jig installs knobs and handles on doors and drawers. Saves tedious hours of measuring, clamping or making jigs.

**TP-1934**

- For knobs or pulls up to 12" C/C
- Case hardened steel bushings
- Reversible for LH or RH doors
- Versatile - measures for Euro hinge plates and shelf pin holes, too

Code	List/ea
