Ph: 415-552-5500 • Fx: 415-552-5840

Em: orders@macmurraypacific.com

This form is used to place an order for CHROMAPATH Aluminum Channels that are cut to custom lengths, with or without covers.

### CHANNEL OPTIONS

QTY	CHANNEL STYLE SL = Slim 45 = 45 Degree SQ = Square DU = Duo	CHANNEL LENGTH*		COVER/LENS OPTION (Cut to same length as channel): CL = Clear FR = Frosted NC = None
		FEET	INCHES	
1	SAMPLE SQ	1	SAMPLE 11 1/8	SAMPLE FR

Sample entry for one 23 1/8 in. section of CHROMAPATH Channel with a Frosted cover.

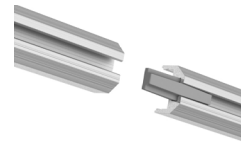

**TIP:**  
To create custom length channels for extended tape light runs, cut CHROMAPATH Channels to specified lengths and use an End-to-End Channel Connector to seamlessly install with 48 or 96 inch channels.

\* Length entered does not include end cap length. Each end cap adds 1/8 in. to the total channel length. End caps are sold separately.

### Each CHROMAPATH section includes:

**2 Mounting Clips (channels <48 in.)**  
**4 Mounting Clips (channels 48~96 in.)**  
 (SLIM channels do not require mounting clips.  
 SLIM Channel Mounting Tape is sold separately - DI-1633 & DI-1634)

**2 End-To-End Connectors**  
 Optional: use to connect to channel sections.
